READ FIRST: This is an example of my late November 4 day hike with a side trip to Lisbon. Adjust yours as needed. Make your flight first. Check with buses to see if possible as they often only offer PM only or AM only trips. Then determine dates in Confirmations...then use those dates for bookings. The website booking will show you a timeline of your hotels and make it intuitive. Then go to luggage transfers and book that with their incredibly easy online system.
